

WHAT CUSTOMERS ARE SAYING ABOUT STEFANI PRODUCTS

“Keeps water amazingly cool”

21 Jan, 2015. By Evan

This is a great product...something I'm quite excited about. I've tried other filters and usually got frustrated with the constant refilling, fridge storage and cost of filter replacement. This however, trumps others on pure practicality. It's large enough to be useful, keeps water amazingly cool and the filtration system and cost thereof is great.

“Stefani Water Filter”

Best water filter ever!

“I love my Stefani”

27 Oct, 2014. By Jo

I love my Stefani – the water is cool, pure and delicious. Highly recommended!

“Fantastic Find!”

20 Mar, 2014. By Robyn

This is a wonderful product. Looks great; the water tastes unbelievable and as per the previous review, the fact that it is kept cool is such a bonus. The 5 litre serves a family of 5 well.

“Love the earthy look”

By Carol.

Love the earthy look and how the water filter unit naturally cools the water.

“My best buy of 2014!”

17 Jan, 2015. By Rachael

Absolutely love this – my best buy of 2014! Fantastic price for peace of mind with what we drinking. We go through a lot of water so I do wish I'd have got a larger size. But otherwise, it's perfect. Bear with the slow flow and initial clay taste. This does get a lot better with use!

“Crystal Clear”

06 Jan, 2015. By Kothar

We are loving our water filter. Water poured from the Stefani water filter is crystal clear immediately as opposed to normal tap water. We didn't have a clay taste for long and the water tastes lovely.

“Water taste is unbelievable”

03 Aug, 2014. By R.

It looks beautiful and is doing the job. Water taste is unbelievable and soft. The coffee of our espresso machine is even more delicious using this water. Also on the rocks is different and softer

“Everything you advertised it to be”
